Recording Archives

Alan Lomax • Folklorist

<http://research.culturalequity.org/home-audio.jsp>

University of California Santa Barbara • Cylinder Archive

An extensive collection of the original medium for recording – wax cylinders!

<http://cylinders.library.ucsb.edu>

British Library • Sounds

An impressive collection not limited to music. Music is sorted into Classical, Popular, and World/Traditional, plus a section on Recording/Sound history.

<https://sounds.bl.uk>

Virtual Gramophone • Library and Archives Canada

Virtual Gramophone is a multimedia website devoted to the early days of Canadian recorded sound, providing an overview of the 78-rpm era in Canada. The database contains information for 78-rpm and cylinder recordings released in Canada from 1900 to 1950, as well as foreign recordings featuring Canadian artists and/or compositions. Each database record provides information about an original recording, such as its title and performer, relevant dates, and details about the label and disc.

<https://www.bac-lac.gc.ca/eng/discover/films-videos-sound-recordings/virtual-gramophone/Pages/virtual-gramophone.aspx>

Recording Archives continued...

National Jukebox • Library of Congress Archives

The Library of Congress presents the National Jukebox, which makes historical sound recordings available to the public free of charge. The Jukebox includes recordings from the extraordinary collections of the Library of Congress Packard Campus for Audio Visual Conservation and other contributing libraries and archives.
